ROYAL VISITORS—Japanese Crown Prince Akihito and his lovely wife, Princess Michiko, were warmly greeted this week by local civic leaders on their arrival for a US tour. In the official reception line here are (left to right) the Crown Prince, Princess Michiko, Supervisor Kenneth Hahn, Mrs. Bruce Kaji, and Gardena City Treasurer Bruce Kaji, the only elected Japanese city official in California.

School Vote Held Vital

(Continued from Page One)
mendously within the next few years, and we must prepare for it."
Fifty per cent of the Torrance population falls into two categories: the 30 to 40 age group, and under 9 years, Hull stated, and "education of our young people is our first line of defense in combating international communism."

The average home in Torrance is assessed at \$3000 to \$4000, according to Hull. The tax override would mean an additional "five cents a day, or a rough average of \$20 a year" to our homeowners. "If we lined up all the students attending elementary and high schools here, they would stretch from Torrance all the way to Laguna Beach," Hull underscored.

"It costs 35 cents an hour to educate our children here, less than the cost of a baby sitter," Hull smiled.

Endorsed by industry in Torrance, the Chamber of Commerce and Parent-Teacher Associations, the tax override, if approved on Oct. 11, will mean 50 cents on the \$215,100,000 assessed valuation here.

NO ENCIRCLEMENT

Hard water doesn't necessarily mean hard work if your washing and laundering basin as well as tubs are surfaced with ceramic tile. Those annoying rings just roll off real tile's hard surface with one sweep of a sponge, and dirt and grease can find no lodging-place.

SPOT REMOVER

To remove rough and sticky spots from your iron, sprinkle a little salt on a piece of paper or cloth and run the hot iron over it.

STUDENTS IN CLASSROOMS

Students in classrooms, and the specter of not being able to meet our payrolls," Hull warned.

"Although we do not like to label anything in our school district 'a crisis,' this is the financial picture," Hull declared.

RIPENING TOMATOES

Don't ripen tomatoes in the refrigerator; keep them at room temperature or a little below—between 60 and 75 degrees.

Park to Get Facelifting

(Continued from Page One)
ment of four acres, previously unimproved.

In approving the preliminary plans, the Board of Supervisors instructed the County Engineer to proceed with the preparation of the final working drawings.

Alondra Park serves the growing population of a large area, including Torrance and the entire South Bay area.

Improvements include site development and landscaping construction of two picnic shelters, a new playground with new equipment, picnic tables, benches, stoves and braziers, drinking fountains, sinks, off-street parking, park lighting, and a new comfort station.

The new playground area will be located south of the new parking lot which will

front on Manhattan Beach Boulevard. The playground will be filled with sand for protection of children using the equipment which will include a teepee, viking ship flying seucer, turtle family, train, sinking ship, and a fantastic village.

A complete new lawn will be planted over the entire eight acre development.

Two concrete fire pits will be installed; one ringed with logs and a lawn amphitheatre, so that youth groups can hold camp fires in the park.
